

Discover Sorghum: Nebraska's Super Grain!

Hi, I'm Farmer John!
I grow sorghum right here in Nebraska.

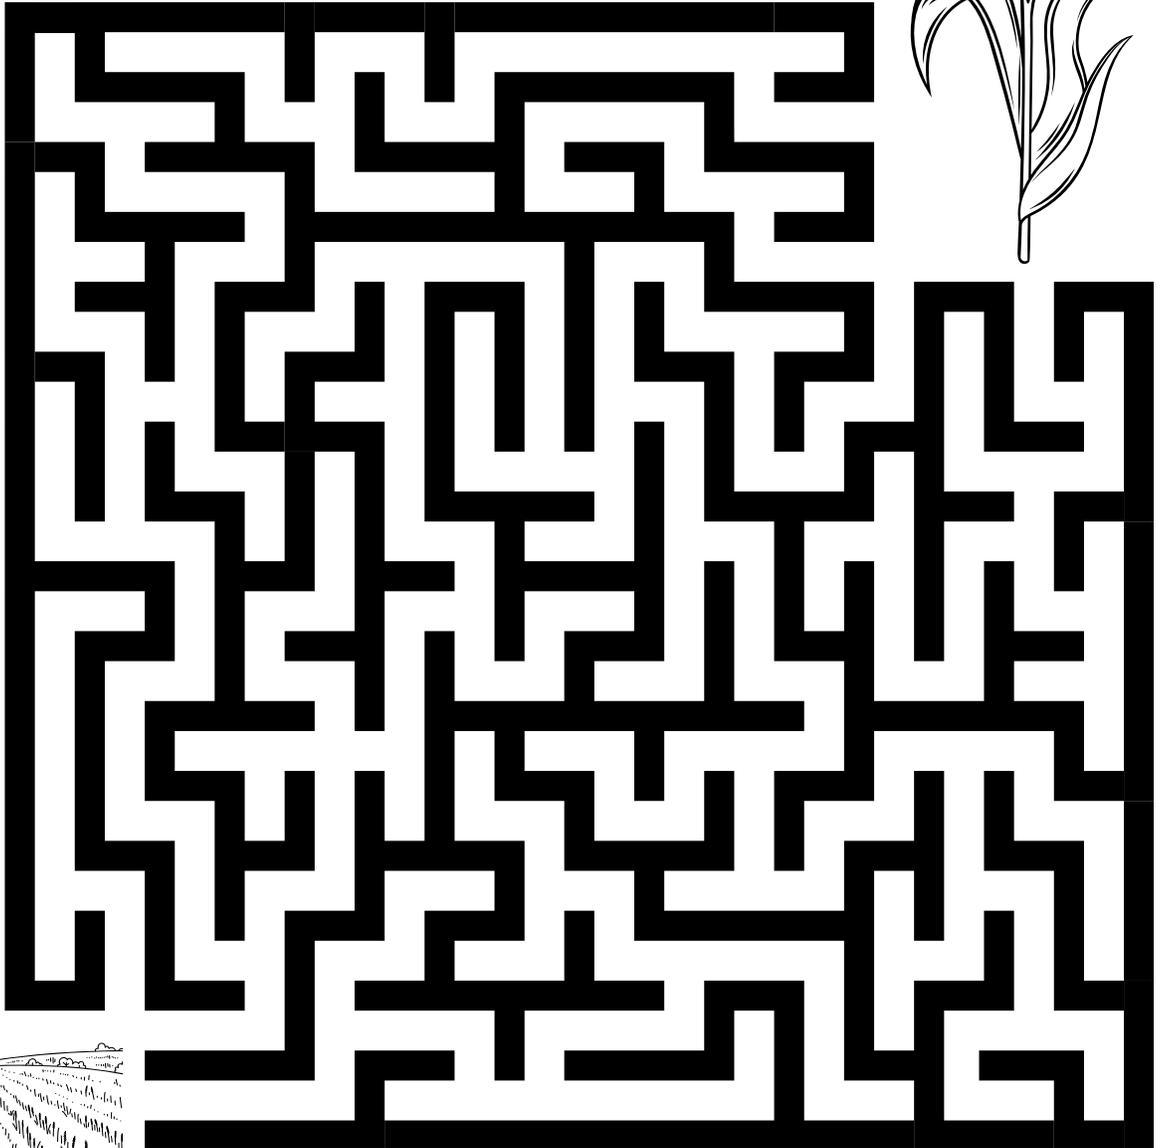

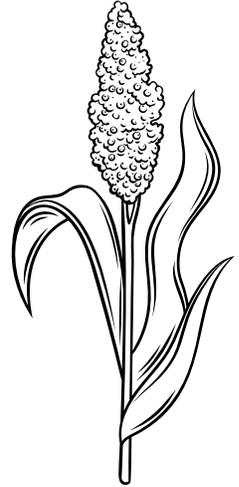

Color Farmer John's tall sorghum plant!

Sorghum Maze

Help the sorghum plant find its way to the field.

Where Does Sorghum Grow?

**Color the state of Nebraska green.
Draw a dot where you live!**

Fun Fact: The sorghum belt includes South Dakota, Nebraska, Colorado, Kansas, Oklahoma, and Texas!

Sorghum Plant Parts

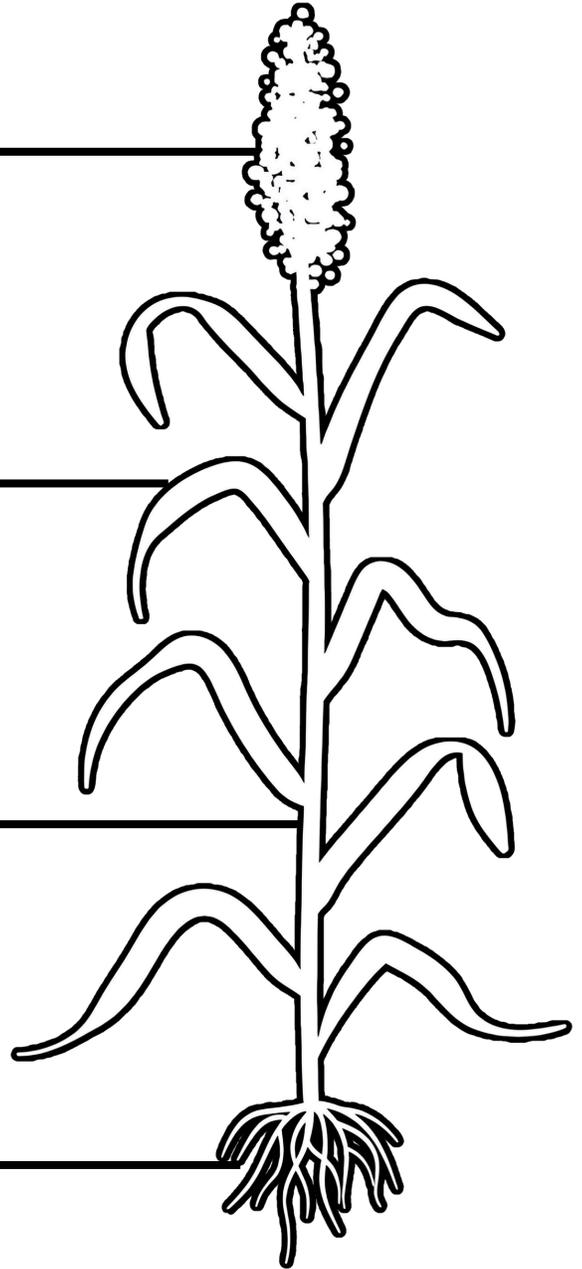

Match or label each part of the plant:
Head, leaves, stem, and roots

1 _____

2 _____

3 _____

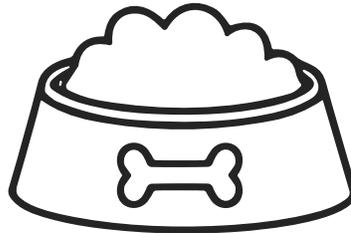

4 _____

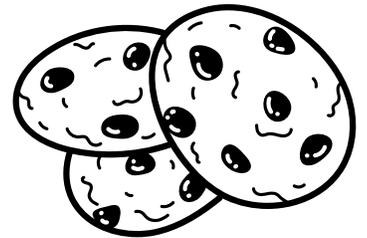

Draw a line from each picture to what sorghum turns into!

syrup

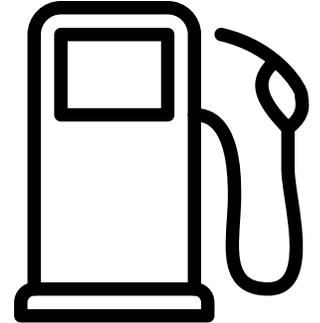

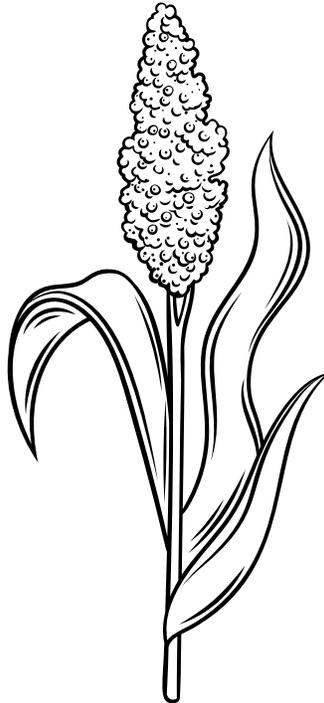

pet food

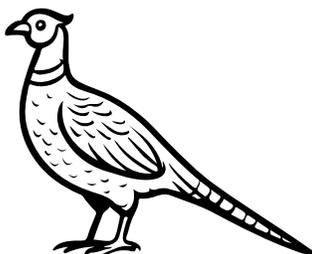

cookies

popped sorghum

fuel

wildlife habitat

insulation

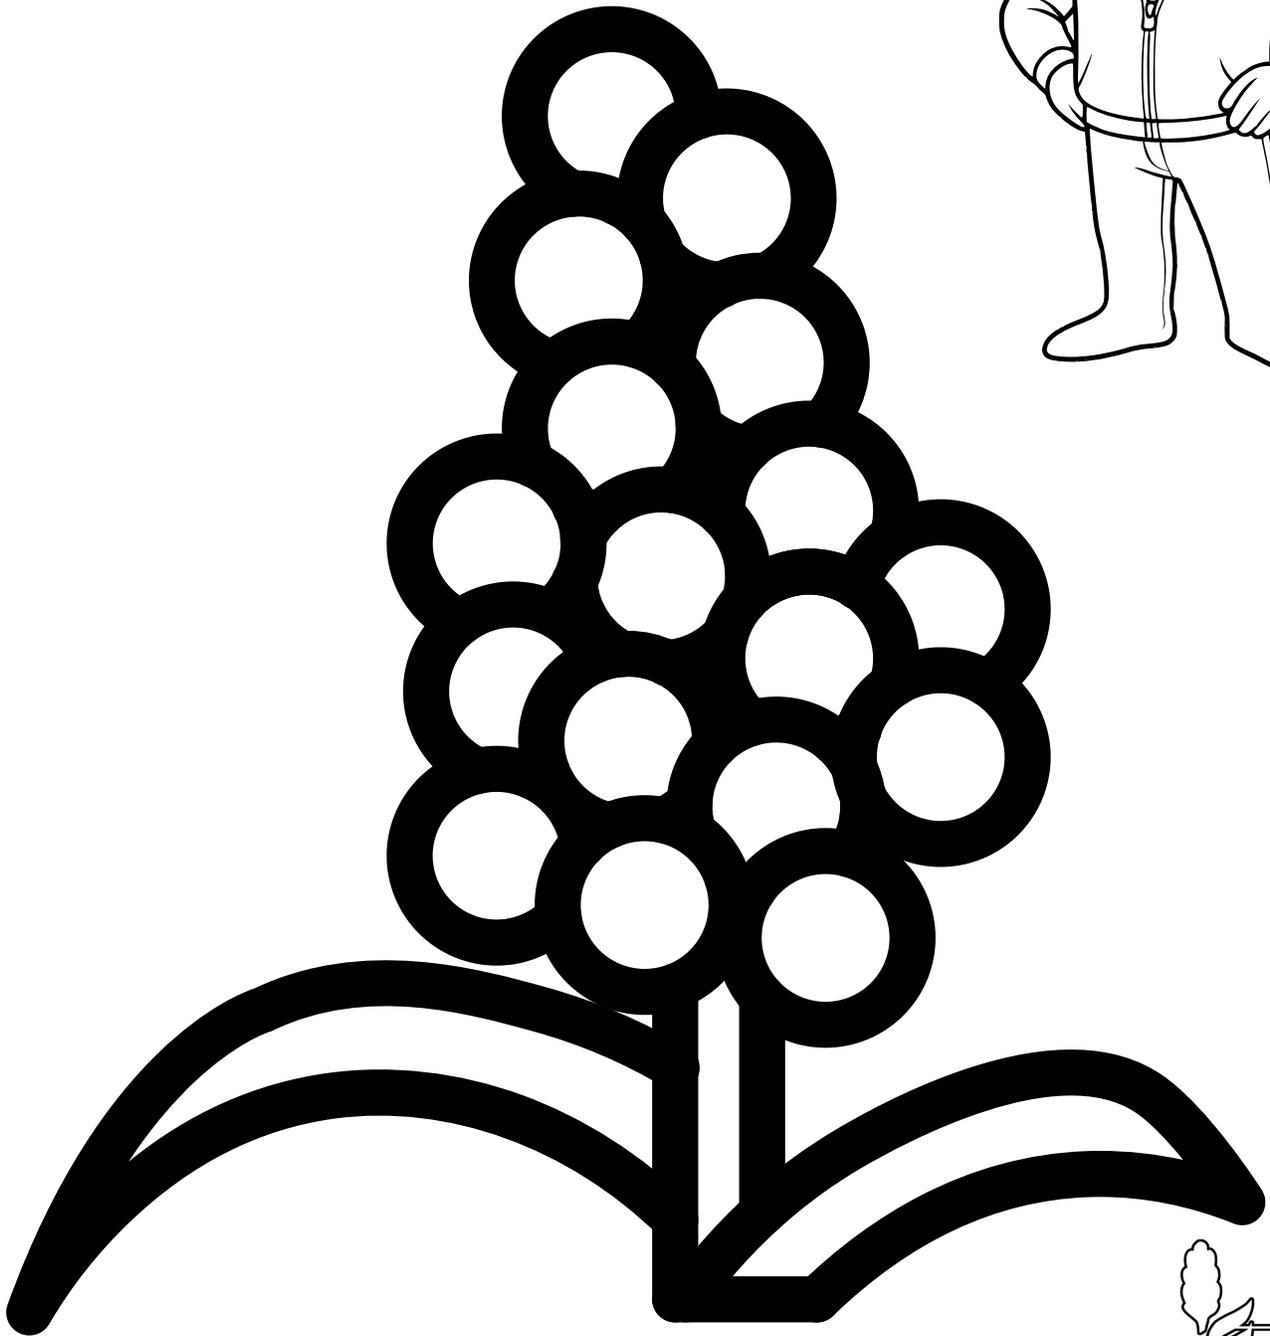

pancakes

Count how many seeds are in the sorghum head!

Color 5 seeds red,
5 seeds brown,
and 5 seeds black.
Color the stem and leaves green.

Be a Sorghum Superhero!

**If you could grow your own
sorghum, what would it look like?
Draw your farm and color your
sorghum field!**
